9:15 a.m. BREAK

9:30 a.m. On Demand Network SlicingV CHORNODOLSKY
Business Development Partner
NOKIA

What is Fixed Network Slicing? Network slicing involves creating multiple virtualized networks on top of a common physical infrastructure. Each of these "slices" caters to specific needs, applications, or customers.

10:15 a.m. Your Top 10 List to Move Towards Operational Excellence..... BRIAN WEIS
Director of Customer Service
INNOVATIVE SYSTEMS

Balancing regulatory compliance, new buildouts, supply chain management, and staffing can make it easy to lose sight of the goal of achieving operational excellence. This presentation will outline ten steps you can take to steer your business toward more efficient and potentially more profitable operations.
