Shared Network Program

PA's Shared-Work program allows an employer to temporarily reduce the work hrs. of employees while supplementing their lost wages with partial unemployment compensation. Employees covered by the Shared-Work receive a percentage of their UC weekly benefits while they work the reduced schedule. The program empowers employers to retain a trained and qualified workforce during periods of slowdown, and quickly ramp up operations without the expense of recruiting, hiring, and training new employees. We will discuss how the program operates, the requirements for participation and how you can help us spread the word about this alternative to layoffs. For more information visit www.uc.pa.gov/Shared Work

STEVE HEAD (Moderator)

Solutions Architect, HEADNetworks

Panel Discussion: "Changes in the Telecom Landscape That Keep You Up At Night"
